# Superstar Kicker Aid Check List and Setup Manual

## Sound Booster and Bag

Quantity (1)

## Sound Booster Bag

Quantity (1)

**Note:** Sound booster requires 2 AAA batteries

1. Insert batteries into sound booster
2. Locate on/off black switch (at the side)
3. Put the sound booster in the sound booster bag (below)
4. Attach sound booster bag to back of the goal net with the snap latches (A, B, C and D)

Sound booster attached

## Goal retaining strap kit

Quantity (1)

1. Connect the snap locks to the front of the goal by locating a black strap on either side of the goal.
2. Connect the carabiner to the bottom B the Y shape retaining strap
3. Connect velcro with sticky back to the same carabiner in step 2.
4. **2 Options:**
  - 4.1. Peel off the white stick protector from the velcro and attach the sticky side to the underside of the mat – midway the top – so the loop can be accessed

Velcro

Backside of mat

- 4.2. Or attach the velcro to the top of the mat – midway the top – so the loop can be accessed

Velcro

**Note:**

- i. The push lock can be used to adjust the length Y elastic strap
- ii. The straps can be folded in half to shorten the length: use one carabiner to connect the two top loops/ends and the other carabiner for the folded end
